

Looking for a complete fiber solution? Our team can spec the right system for your project, from bulk cable through to connectors, enclosures, and everything in between.

Shop DigiKey's large in-stock selection of Fiber Optic Cables. View inventory, pricing and order now for same day shipping!

High-Density horizontal Trunking solutions and Light-Weight High-Performance vertical runs, AFL MicroCore cables provide solutions to meet the challenge. Supportive of field installed connections or ...

Silicon Valley-based Opticlarity is one of the few actual production companies located in the USA focusing on passive custom optical interconnect solutions such as cables and boxes.

We help our customers' products perform at the highest level in a wide range of most demanding environments by supplying ruggedized, high-reliability interconnect solutions.

SENKO Advanced Components provides precise, user-friendly, and application-focused fiber optic connectors, enabling network operators to achieve the performance and reliability needed to meet ...

Glenair's fiber optic cable assembly group can integrate these fiber optic connectors and termini, together with fiber optic backshell accessories, and in-house produced fiber optic cables into turnkey ...

Vertical Cable is your one-stop shop for bulk cable, fiber optic solutions, patch panels, j-hooks, and structured wiring products.

In 2020, Vertical Cable made a significant stride by introducing the first bulk optical fiber cable. Building on this momentum, in 2021, we further enriched our optical fiber connectivity portfolio by adding ...

The small form factor of Belden's Interconnect Fiber Cables provides flexibility to withstand the rigors of daily patching without sacrificing density. These cables are suitable for indoor applications.
