

Western European 650nm Laser Diode Module

All Brands on One Site, Compare Specifications, Unbiased 650nm Laser Diode SELECTION GUIDE, Get Pricing and Select the Best

Specification of Dot Beam Laser Diode Module Red Dot 635nm 650nm 660nm Laser Pointer This Dot Beam Of Light Laser Diode Module provides a sharp red dot beam of light. It works well for aiming or ...

Achieve precise red laser lines/dots with EIT Laser stable 650nm module. Plug & play for industrial alignment and measurement.

Achieve precise red laser lines/dots with EIT Laser stable 650nm module. Plug & ...

This compact 650nm line laser module integrates optic, laser diode and driver circuit into a brass casing with attached lead wires. It generates a line with a fan angle of 60°.

Industrial Red Dot Laser Module, 650nm, Class 2, Less Than 1mW, with APC Driver, 2.6~6V Operation Voltage, D10.5x19mm, VLM-650-01 LPT, Laser Head, Made in Taiwan

1.This laser module is widely used in clothes cutting, wood cutting, mechanical positioning. 2.Please keep the lens clean to make the laser beam clear and bright.

Low cost, small size diode laser module featuring metal housing with focusable acrylic collimating lens for excellent beam quality. Integrated driving electronics with surge current protection.

Mouser offers inventory, pricing, & datasheets for 650 nm Laser Diodes.

The 9025-02-029 is a MOCVD grown 650nm band InGaAs laser diode with quantum well structure. It's an attractive Light source, with a typical Light output power of 5mW.

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!
